

## STRIKE NEGOTIATIONS RUN INTO SNAG TODAY

### INSULL'S BOAT BELIEVED NEAR RHODES ISLAND

Authorities Think He Is Getting Instructions from Some Agent

Athens, March 24 —(AP)—Ships at Piraeus, the port of Athens, reported today that code messages from Samuel Insull's floating haven, the freighter Malotis, had been picked up by radio, and officers of the vessel guessed the vessel was near the island of Rhodes, about 250 miles from here, apparently awaiting instructions.

#### BELIEVED WARNED

Port Said, Egypt, Mar. 24—(AP)—The belief grew today that some secret agent was warning Samuel Insull against putting in at Port Said in the Greek freighter in which he has been expected here for several days.

From many sources had come reports that Insull was not far out in the Mediterranean and the arrival of his expensively-chartered vessel, was expected by many late yesterday.

Today, however, as hours passed with no news of the craft on which Insull is seeking some new haven from extradition to the United States, port authorities relaxed their watch.

It was believed generally that Insull was awaiting the signal to proceed to Port Said, though why there should be any delay was not altogether clear. It is understood he could not be taken into custody as long as he remains aboard the ship.

Should Greek authorities consent, expert opinion here is Insull could be seized, held under the jurisdiction of the American Consul and placed aboard a vessel bound for the United States. But the Greek Consulate has orders to permit such a procedure, the fact is being kept secret.

### CHARGE BRAIN TRUSTERS SEEK U. S. OVERTHROW

Congressional Probe Will be Invoked Next Week

Washington, March 24—(AP)—A Congressional investigation of allegations made in a letter by Dr. William A. Wirt of Gary, Ind., that "brain trusters" were seeking to overthrow the government was authorized today by Representative Bulwinkle (D., N. C.).

Bulwinkle, a member of the House Interstate Commerce committee before which the letter was read yesterday by James H. Rand, Jr., Chairman of the Committee for the Nation, said he would introduce a resolution either today or Monday calling for the inquiry.

Representative Marland (D., Okla.) also told reporters he favored the investigation to learn "just who these men are who claim to be making decisions for President Roosevelt."

Bulwinkle said the investigation probably would be conducted by a subcommittee of the House Interstate Commerce committee.

Chairman Rayburn (D., Tex.) of the committee, said he did not plan to call Dr. Wirt in connection with the Fletcher-Rayburn stock exchange regulation bill before his committee.

Representative Lea (D., Calif.) favored the inquiry.

**AUTHOR WILLING**  
Gary, Ind., March 24—(AP)—Dr. William A. Wirt, Superintendent of the Gary schools, whose sensational letter charging a plot against the existing social order was read to the House Interstate Commerce committee yesterday by J. H. Rand, said today he was prepared to give the committee a more complete story if it will hear him.

"My notion," said Dr. Wirt, "is that the times are now so critical that someone has to be the goat. I have no objection to publication of any part of my letter, and if public knowledge of its contents makes me the goat, then I have no objections to being the goat."

Supt. Wirt further said he is ready to lay before the committee the facts on which he based his letter in all their details if they are desired.

### Mellon Celebrates Birthday: Does Not Worry Over His Age

Pittsburgh, March 24—(AP)—It's Andrew W. Mellon's birthday anniversary today, and nobody seems to know how old he is.

When his name first appeared in "Who's Who" in 1913 the birth year was given as 1852, which would make him 82. Mellon stole a couple of laps when the date appeared as 1854 in 1922 after he was made Secretary of the Treasury. That would make him only eighty. And now his Pittsburgh associates say the real date is 1855.

The financier, in Aiken, S. C., with his daughter, Mrs. D. K. E. Bruce, is reported to be not worrying over the question.

She charged that in a broadcast of March 20, she was represented as being interviewed by a film director at a studio.

### COOK CO. JAIL BREAK PLOT IS NIPPED IN BUD

Officers Act on Tip and Frustrate Intended Escape

Chicago, March 24—(AP)—A jailbreak plot was stifled in its infancy at the Cook county jail today with the discovery of a loaded revolver in the cell of Francis O'Gara, 27, a robbery suspect awaiting trial.

Learning that the opening of the jail gates at 6:30 A. M. was to be the signal for a wholesale delivery, jail officials had summoned Sheriff Meyerling and several riot squads to patrol the grounds.

Tipped that a break was to be attempted and that a pistol might be found in O'Gara's cell, the Night Warden broadcast an alarm bringing police reserves to the scene and then searched the cell. O'Gara was awake. Hidden under his clothing a revolver was found, ready for action.

The information had indicated an automobile load of confederates was to be at hand to pick up the escaping men outside the jail, but the detectives cruising in the neighborhood found no suspicious car.

### Apartment Manager Identified Picture of Fugitive

Chicago, March 24—(AP)—Police said today they believed they had found the abandoned hideout of John Dillinger, Indiana outlaw.

Mrs. R. H. Kelley, an apartment building manager on Chicago's south side, identified photographs of Dillinger and his sweetheart, Pearl Elliott, as the couple who occupied an apartment there from the day after his escape from the Crown Point jail, March 3, until last Wednesday night.

She also identified a picture of Joseph Burns, escaped convict from the Lima, Ohio jail, as a frequent visitor at the Dillinger apartment.

### POLITICAL IMPLICATIONS

Lima, O., March 24—(AP)—A declaration that John Dillinger's escape from the Crown Point, Ind., jail March 3 had political implications was attributed to Harry Pierpont, a Dillinger henchman, today by Attorney General Philip Lutz, Jr., of Indiana.

Pierpont's story, as related by Lutz, was that the break was arranged to protect, politically, unnamed high officials of Indiana.

While Russell Clark of the Dillinger band awaited the decision of a jury on a first degree murder charge in the slaying of Sheriff Jess Sarber last Oct. 12, Lutz talked with Pierpont and Charles Makley, other Dillinger henchmen awaiting death sentences on the same charge.

### To Keep Him Quiet

Dillinger's escape, Lutz quoted Pierpont as saying, had been planned to keep him from disclosing what he knew of the jail break of ten convicts from the Indiana state prison on Sept. 26.

During his trial here, Pierpont hinted that officials had aided in the escape of the ten convicts, but refused to name anyone or give any pertinent details concerning the affair.

### JONES' HOPE TO COME BACK WAS FINISHED TODAY

Most Master's Game Failed to Show Improvement

Augusta, Ga., March 24—(AP)—Despite frigid weather and the handicap of another shaky start, Bob Jones shot the Augusta National course today in 72, even par but this wasn't good enough to hold his old rival, Walter Hagen, or make much improvement on his chances of threatening the leaders in the \$5,000 masters' invitation golf tournament.

Hagen, playing with Jones, took a sensational 70, two under par for a 34 hole total of 217 while the Georgian's aggregate was 222.

Eight strokes behind the leader, Horton Smith, at the outset, Jones' last lingering hopes of making a come-back fight went glimmering in the raw, cold gloom of a misty morning.

The Georgian showed some slight improvement in putting but missed a pair of four-footers, besides penalizing himself with a tee shot into the water on the short third hole. He used a different putter brought to him by his mother this morning, but it failed to pull him out of one of the worst slumps on his long career.

Is Ordered Taken to Women's Prison This Morning

Chicago, Mar. 24—(AP)—Dr. Alice Lindsay Wynekoop was denied a new trial today for the operating-room murder of her son's wife, Rheta, and was ordered removed to the women's prison at Dwight, Ill., to serve the 25 year term imposed.

The 63-year-old woman accepted with characteristic poise the decree that meant she must spend the last years of her life a prisoner of the state.

Judge Harry B. Miller imposed the penalty a jury had prescribed in payment for the murder of the 23-year-old daughter-in-law, chloroformed and shot through the back as she lay, nearly nude, on the basement operating table of Dr. Wynekoop's Monroe street home.

Dr. Alice will be taken to the new prison built for the state's woman criminals at Dwight with the next regular shipment of convicts.

### Missing Stavisky Jewels Found in London Pawnshop

Paris, March 24—(AP)—The missing Stavisky jewels—worth \$650,000—were reported found today pawned in London.

A secret service man followed the trail of the late Serge Stavisky's secretary, Romagnino, who went to London while Parisian newspapers were clamoring for his arrest.

A detective discovered the jewels and the fact that they had been used as security for a loan of \$40,000.

The loan, it was said, was made after the police net started to close down on France's master swindler and before he died from a revolver shot in a villa at Chamoni.

### MANUFACTURERS INSIST ON LIST OF MEMBERSHIP

Reiterate Their Charge of Union Desire for Domination

Washington, March 24—(AP)—A proposal for settlement of the threatened automobile strike offered by union leaders was rejected today by the manufacturers and the labor men immediately began considering what further proposition they could submit.

The union men had dropped a demand for labor elections and were willing to settle on the basis of having their membership lists submitted to a government agency or comparison with payroll lists to be supplied by the manufacturer.

However, the committee representing the manufacturers insisted that the union lists should be submitted to them.

**Charge Discrimination**  
The labor men contended that the automobile executives in the past had discriminated so extensively against the union members that there was no assurance the membership lists would not be used for purposes of persecution.

Following a meeting at the American Federation of Labor headquarters, the union leaders planned to see Hugh S. Johnson, NRA Administrator, in a further effort to reach a settlement today.

They had made plans for returning to Detroit tonight.

The motor executives, meanwhile awaited development on the labor side before making any further move.

### Crack NorthWestern U. P. Train Derailed

Rawlins, Wyo., March 20—(AP)—Two engines were injured and an undetermined number of passengers were slightly hurt and shaken up when the locomotive and eight coaches of the crack NorthWestern Union Pacific passenger train, the Portland Rose, plunged off the rails 30 miles east of here late last night.

### Can't Be Checked

"No outside agency can check the union claims against the payroll, can come to any fair decision without disclosing the names to the manufacturers."

"The union's refusal to say whom it represents is just another indication of its purpose to dominate industry."

"All the union would have to do is to coerce men into signing union applications," the statement continued.

"The public should know that this refusal on the part of the union to say whom the union represents is the same issue of union domination in another form."

"The union said that if it tells the manufacturers whom it represents, there will be discrimination against union members. On the contrary the manufacturers have agreed to an impartial board to pass on any cases of alleged discrimination and to have its findings reviewed by a board created by NRA. Thus, there is no warrant for the unions' claims that there will be discrimination."

### Fourteen Lost Lives, 80 Injured In Fire In Transient Bureau

### CAN USE PUBLIC BENEFIT MONEY TO PAY ON BONDS

But New Way to Carry on Upkeep of Dixon Parks is Sought

The report that the Local Improvement bonds of the city of Dixon might be defaulted is in error. It is true that the tax levy which was to be spread for that purpose has been found to be illegal and will not be spread but the tax levy for Public Benefit is legal and will be ample to care for all payments of principal and interest on the bonds, according to statements made today by City Attorney Martin Gannon and City Treasurer Fred Tribon. They state that so far as to meeting of local improvement bond payments the city is in an unusually strong position.

General Kerner that the spreading of tax levies for local improvement bonds and for Dixon park upkeep is illegal and must not be permitted, says this city in a very serious predicament so far as the parks are concerned. City Attorney Gannon and City Treasurer Tribon both stated that the ruling puts the park system absolutely out in the cold so far as finances are concerned.

### Seek Park Finances

Unless the city government can find a way to finance park upkeep from the general city funds, all park work must stop on April 15th for the park board will have used up its last dime by that time.

Members of the park board are, of course, greatly concerned over the developments and are seeking a solution of their financial difficulty so that Dixon's large and valuable park system may be kept from disintegration. Stoppage of funds would mean that the park areas would grow up to weeds and brush this summer and cause enough damage in one year to take several years to counteract.

### Ghost Voting Inquiry Will Be Dismissed

Kerner Rules Senate is Sole Judge of Own Actions

Springfield, Ill., March 24—(AP)—As the result of a ruling by the Attorney General, the investigation of legislative "ghost voting" by the Sangamon county grand jury was ordered dropped today by State Attorney Alfred H. Greening.

The office of Attorney General Otto Kerner ruled that the alleged voting irregularities at the first special session were not subject to criminal prosecution because the state Senate is the judge of its own actions.

Greening at once announced that the investigation would be discontinued.

The grand jury was to reconvene Tuesday to hear additional witnesses, including several Senators.

**Public Learns Facts**  
Announcing the abandonment of the investigation, Greening said: "This will be done with the hope that the investigation to date has rendered valuable service by calling to the attention of the public as well as members of the Senate the undesirable practice of absent voting."

Unconfirmed rumors, once mentioned on the Senate floor, were that indictments were being considered against Lieutenant Governor Thomas F. Donovan and A. E. Eden of Champaign, Secretary of the Senate.

Kerner's opinion called attention to the clause in the state Constitution providing that "each house shall determine the rules of its proceedings, and be the judge of the election, returns and qualifications of its members."

### Judge Wilkerson Willing to Appear Before Committee

Chicago, March 24—(AP)—An invitation to appear before the congressional subcommittee here to investigate Federal Court receiverships has been accepted by Federal Judge James H. Wilkerson.

Wilkerson, when the body completed its investigation here yesterday, said he would furnish any information the Congressmen desire.

Congressman Tom D. McKeown, chairman of the committee, said that a representative of the committee would conduct an investigation of complaints against the Chicago Title & Trust Co., which had been receiver or trustee in numerous cases in the Chicago Federal Courts.

Judge Wilkerson's appearance before the committee, McKeown said, would probably be at Washington.

### Lynchburg, Va. Scene of Holocaust Just Before Dawn

Lynchburg, Va., March 24—(AP)—Fourteen persons were burned to death and at least eighty others were injured in a fire that swept the Federal Transient Bureau here shortly before dawn today. Three of the dead were Negroes and the rest were white.

The bodies, some of them charred apparently beyond hope of recognition, were carried to Lynchburg undertaking establishments while the injured were carried to two hospitals in every available ambulance, hearse, truck and private car.

One hospital where seventy patients had been admitted reported that possibly one-third of them were seriously burned, although the full extent of the injuries had not been determined several hours after the tragedy.

Seventy victims, approximately half of them white and the rest Negroes were taken to Lynchburg hospital in every conveyance available and four hundred Negroes were carried to Virginia state hospital. Power facilities were cut off at Memorial hospital by the fire and

EARTH'S children are weary of strife, greed, and poverty. In the mental horizon of today we find heartening signs of international cooperation. Nations of the world are being drawn together in frank discussions and earnest counsels tending to ameliorate wrong and to establish right in human affairs. What is this drawing power? Whether acknowledged or unacknowledged, it is divine intelligence, divine principle. The power and peace of spiritual attraction are being felt today as never before, and mankind is powerless to resist them.

## White Shrine Installation Well Attended; Brilliant Ceremony

The public installation ceremonies for the installation of the recently elected officers of Corinthian Shrine No. 40, of the White Shrine of Jerusalem were held last evening at Masonic Temple.

The installation, which was a very brilliant affair, was largely attended and there were visiting officers and guests present from Freeport, DeKalb and Ottawa.

Decorations of pink and white blossoms and pussy willows added a note of springlike brightness in the attractive chapter room. The retiring officers and those installed wore lovely wrist corsages of sweet peas. Mrs. Lewis carried a lovely arm bouquet of roses and Mrs. Foun wore a wrist corsage of freesias.

Retiring organist, Alfred Read sounded forth the first soft notes of the music for the evening and the retiring Worthy High Priestess Agnes Lewis, and Watchman of the Shrine, Lloyd Lewis assumed the chairs until after the introduction of installing officers and visiting officials.

The installing officers included Mrs. Drusilla Banker as Worthy High Priestess, installing Scribe Mrs. Florence Franks; installing Chaplain, Mrs. Harriet Beam; installing Herald, Mrs. Glenn Coe; installing Organist, Mrs. Allan Read.

Mrs. Banker filled her office with her usual gracious efficiency as did all who had part in the installation ceremony, including the Herald, Chaplain, etc., also the escort made up of officers and members of the White Shrine Patrol Team, of which Mr. Lewis is Captain and Drill Master.

All visiting officers were escorted to the platform where they were accorded honors and introduced and afterward the installation ceremony proceeded. Throughout the ceremony the escort of lovely maids and matrons in formal evening gowns, bearing sprays of flowers, escorted the officers to their stations and formed arches of living flowers through which they passed to music, and were seated, on leaving the escort of the installing Herald. In some portions of the ceremony at the beginning, lighted torches or candles were held in place of the flowers.

At the conclusion of the beautiful ceremonial the retiring Watchman, High Priestess Agnes Lewis made a gracious and inspiring address in which she thanked all her officers and members of the Shrine for their assistance and cooperation through the year and wished that the ensuing year would bring success to her successor, Mr. Foun.

## THIS \$10,000 NASTURTIUM HAS ITS ROOTS IN MANY LANDS

Speaking of plants that have speeded up production since a year ago, don't forget David Burpee's double hybrid nasturtium that pretty close Estes is shown admiring at the International Flower Show in New York. This specimen, worth \$10,000, was produced in 11 months instead of the usual three years by transporting the growing plant by plane from Philadelphia to Buenos Aires, to Puerto Rico—wherever the sun was shining.

## Influence Child To Be Generous

(One way to insure against your child growing up to be an embittered person is to encourage in him certain magnanimous attitudes toward people. Olive Roberts Barton tells about it in another of her articles on child training.)

By OLIVE ROBERTS BARTON

One of the things most neglected and so little commented upon is the child's "attitude" to other people or we might say his "values."

Yet these values can make or unmake him. Jealousy, anger and the well-known "yellow streak" are results of wrong "attitudes."

By the time he is six, he will have certain fixed values of his own, but all through his growing years these values are being shaped and chiseled to a very definite form.

Suppose the child has this following tendency—to fear children who are stronger or smarter or more dominating than he is, or be jealous of them; to be indifferent or unfriendly with his equals; and to have contempt, or even cruelty toward those he thinks weaker or more handicapped than himself.

The three go together.

This sounds rather despicable on paper, but as a matter of fact it is not so. Most of us are that way in different degrees.

Attitude of Adults

Aren't we often glad to pull the top man down? There is your jealousy or inferiority. Aren't we indifferent to the common mortal of our own status, unless he belongs in some small clique in which we are interested? Don't most of us love to kick a dog when he is down and blame those less smart or less successful than ourselves, or at least patronize them?

For some reason or other, we have gravitated that way in early childhood. Just why, depended on many things. Perhaps we were conditioned that way by the behavior of those about us. Perhaps it was inferiority at work, or maladjustment or frustration. No use trying to analyze reasons, but it is a common human failing.

Why not take the child now with his "reason" as our ally? He is older and can understand so why not change these three viewpoints to the following:

Instead of his being jealous or afraid of those he considers much stronger or smarter, to influence him toward admiration and approval. Sheer admiration unaccompanied by envy is the grandest and greatest asset a man or woman can have. It may be contended that this would make for servility or lack of ambition. This is not the case. Real hero worship is an incentive. It makes a boy or girl feel that he would like to "equal" or even surpass that other. It would be unaccompanied by any "I'll show him" feeling. It would be unaccompanied by any mean emotion whatever, except an intense desire to make the grade. In case of failure there would be no heart-break. It is the basic essential of fair and square sportsmanship.

Cultivating Friendliness

As to his equals—those who match him in ability or station or strength of character, it is better and kinder to try to cultivate his "friendliness" toward them, his interest in what they do and a co-operative spirit that will enrich his whole life. We have too many people who won't have friends who cannot be "of use" to them. Sheer plain friendliness is a rather rare and precious thing.

Last, there are those children who are weaker and less fortunate. He is to despise them, criticize them, or show off before them? Or is he to have sympathy and patience with their less fortune? To be kind is such a wonderful thing—kind without patronizing and pitying. Just kind.

From six on, or even before six, the greatest work a mother can do is to sway these attitudes toward the generous sides. It will make her child mentally and spiritually a "big" person, not an embittered one, eaten up someday by malices, prejudices and jealousies. He will be so much happier. He will have so much to thank her for. But first of all both parents will have to endeavor to correct their own attitudes if necessary. Thus lies success.

## TWEEDLEDEE AND TWEEDLEDUM

About the time he took office Postmaster General Farley contributed an article to one of the leading magazines. He indicated that he believes that to the victor belongs the spoils. The country generally accepts that as an axiom in politics, and while the Farley article drew comment it did not draw much fire. The only thing that has brought disapproval has been the adding of 25,000 persons to the federal payroll without regard to civil service, and the manner in which civil service employees have been treated.

Otherwise the losers and the country at large concede to the victors the spoils. Then came rumblings about members of the democratic national committee going to Washington to "practice law," which in Washington, amounts to using your party pull. Other persons, including Mr. Farley, chairman of the national committee, Mr. Walker, treasurer of the national committee, and Nellie Taylor Ross, Wyoming member of the national committee, were holding important administration posts. Particularly was this true of the first two named.

Objection to this situation did not come from the republican opponents. Senator Norris of Nebraska called attention of President Roosevelt to the fact that Farley was chairman of the democratic national committee and chief distributor of postoffice patronage at the same time, but that objection came within rather than without the Rooseveltian circle. Norris hasn't been suspected of voting the republican ticket in a presidential election since 1916. He just runs on the republican ticket.

The President indicated a haunting fear that the gang that had assembled at the national capital to take advantage of the victory and the spoils somehow might "Ohio" him. There probably was ground for his fear. Anyhow he indicated that it was distasteful to him to have members of the national committee "practicing law" before the departments. Some of the committee folks didn't hear him the first time, and it took a second hint to get the attention of Mr. Farley, Mrs. Ross, and Arthur Mullen of Nebraska.

Our comment at the time the first stir was made was that if there were a wrong it existed in the fact that men left their home offices to go to Washington to get the gravy, and that correction of the error lay not in resigning from the committee, but in returning to their homes. They still get the gravy through contacts established when they were members of the democratic national committee.

There are so many different ways of skinning a cat, that whether a man continues to be a member of the committee or does not look to us much like tweedledee and tweedledum.

Especially does it so appear when we contemplate the fact that Walter J. Cummings, president of the Continental Illinois National Bank and Trust company of Chicago, has been made treasurer of the national committee.

When the bank sold to the RFC a large block of preferred stock it generally was understood that the RFC would not interfere in bank affairs. In this case, however, it insisted that Mr. Cummings be president of this, the largest bank in the west. Mr. Cummings then was in Washington as an official of the government. Mr. Cummings is the instrument of the RFC and at the same time collector of funds to make up the deficit of \$500,000 of the democratic committee. He is in a good place to collect.

We are not finding fault with that setup. It is only the fortune of politics. The point is that this move takes the air out of the moral balloon sent up in Washington.—Moline Dispatch.

## URGENT SCHOOL NEEDS

Members of the House Education Committee have been told by school authorities from various parts of the nation that at least \$100,000,000 in federal money must be appropriated if public schools are to function properly in the 1934-35 session.

There certainly have been enough calls on Uncle Sam's purse in the last year to justify in subjecting any new calls to the most strict scrutiny.

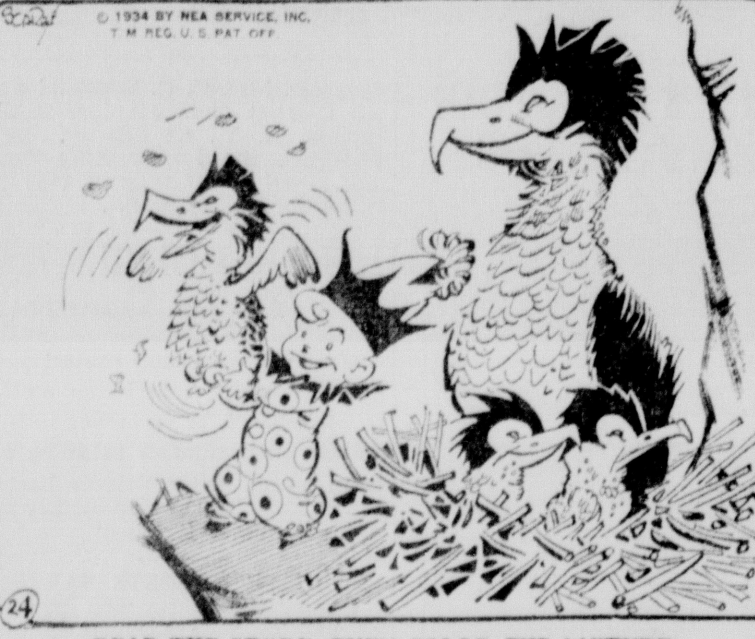

But it does not take very long to demonstrate that this plea for money for the schools is one which thoroughly is justified.

The full effects of the depression have been slow in hitting the schools. Whereas the worst of the depression now is past, its full force just is beginning to hit the school system. School revenues this year are lower than they were last year; next year they will be lower still.

We cannot permit our school system to collapse. If federal funds are needed to carry the system, federal funds must be voted—generously.

The National Recovery Act is a misnomer. It implies we have something to recover. We cannot go back to those good old days of a Puritan ruler in Babylon.—Norman Thomas, Socialist leader.

Teachers, as well as clerks in business offices, looked on Samuel Insull as Chicago's leading citizen.—Howard K. Beale, educational authority.

We Doty shouted, "Oh, what fun! Just see those little soldiers run. I've never seen such peppy ants. I'll soon be left behind!"

Then Scouty yelled, "Slow up a bit! Course, as for me, I don't mind it, but both the girls are getting tired. Let's rest, if you don't mind."

"My goodness, lad, don't start a fuss. The rest is quite all right with us. In fact, we think you ought to pull the cannon for a while."

"You know, we're doing this for you, and we're glad to do it, too, but it would help if you'd just carry on for 'bout a mile."

"Of course we will," said Scouty. "Gee, we're just as willing as can be, but you will have to tell us which way we're supposed to go."

"That's just a guess," one ant replied. "A lot of places will be tried. We'll simply look until we find wee Duncy. 'That, I know!'"

So, on they went, not knowing

that the lad they sought was stranded at an eagle's nest, away up high, right on a mountain side. Poor Duncy, as the eagle stopped and pricked the blood bird till it dropped, was now a very frightened child. "Don't pick at me," he cried.

The eagle, though, just walked around, and very shortly Duncy found that it was trying hard to show the small birds how to fly. "Say, I can help you," Duncy said. "A hunch has popped into my head. I think that you will like the little plan I'm going to try."

He held one little eagle out and shouted, "Fly your wings about. Then, when they're swinging very fast, I'll take my hands away."

"Don't worry, now, you will not drop. The wings will save you from a flop." The plan worked out just fine and Duncy loudly cried, "Hurrah!"

## SATURDAY, MARCH 24

(Read John XII:23-33)

"We Would See Jesus"

Prayer is sometimes a struggle. When we are brought suddenly to face a terrible ordeal we instinctively shrink back. We lose our grip on ourselves. We must take time to pull ourselves together. The spirit must come to the assistance of the body. Jesus had such experiences. In all points he was tempted even as we are, but he never sinned. It is a sin to wince or quiver. Like the rest of us, he had to wrestle with himself. One of these struggles occurred on the day on which a group of Greeks requested to see him. The presence of those foreigners suggested the cross. They were representatives of the great outside world which he had come to redeem. He could redeem it only by dying. "Father, save me from this hour!" It was the spontaneous utterance of a human impulse. It did not express his full self. "Father, glorify Thy name!" Heaven immediately responded, and Jesus was calm again. And he was reconciled to death. "And I if I be lifted up from the earth will draw all men unto me."

Prayer: Heavenly Father, we want to escape suffering and we also want Thy plans to be fulfilled. We applaud Thy will but we want our way. Forgive us because we are so often at war with ourself and give us the strength to bring our whole life into submission to Thee. Amen.

## SUNDAY, MARCH 25

(Read John XVII:1-5)

It is not till we come into the upper room on the last night that we get a full report of any of the prayers of Jesus. Who recorded this one we do not know. There is no reason to believe it is reported verbatim. Verse three is almost certainly an interpolation by an editor. But the gist of the prayer is clear. It falls into three divisions.

The first division is the prayer for the approaching marriage of Miss Margaret Ripplinger, daughter of Mr. and Mrs. M. A. Ripplinger and Noral Tilton, son of Attorney and Mrs. Floyd Tilton of Rochelle were announced at Sunday morning mass at St. Mary's church, by Rev. Fr. J. J. Hackett. The wedding date has been set for Thursday morning April 5 at St. Mary's church.

Mrs. Ethel Burroughs, Mrs. Marie Bloomgarden and Miss Flora Blomquist entertained their club at a bridge dinner Wednesday evening at the former's home.

Jesus prays for himself, then for the twelve, and finally for the church universal. We are struck first of all by the sixfold repetition of the word Father. This is God's only title in the prayer. Secondly, by the fewness of the petitions. There is only one petition for himself. Father, glorify thy Son! The request is not rooted in selfishness or vanity. He asks for glory that he may glorify his Father. That was his chief end always—God's glory. When he tells us to say "Our Father who art in heaven," hallowed be Thy name, Thy kingdom come," he is asking us to pray the way he prays himself.

ayer: O God, the Father of our Lord Jesus Christ, we kneel, what is the dominant desire of Thine only Son, and we pray that His desire may be ours also. Glorify us that we may glorify Thee by a life conformed to Thy blessed will through Jesus Christ our Lord. Amen.

## GANG HIDE-OUT AT CENTRALIA IS DESTROYED

## State "Crime Squad" Descended on It After Receiving Tip

Centralia, March 23—(AP)—An elaborate underground hide-out seven miles southwest of here, which members of Governor Horner's "crime squad" believe was used by a highly organized band of criminals, was only a mass of wreckage today.

Acting on a tip, J. G. Schrader and other members of the "crime squad" yesterday found the hide-out near the home of Ira Kingsley. Schrader said he had information the gang planned to kidnap Miss Esther Brichler, pretty 17-year-old daughter of an East St. Louis undertaker, and an unidentified wealthy East St. Louis man, and hold them in the hide-out.

Was Well Equipped  
 The hide-out and all its equipment, which included electric lights, a steam heating plant and a well equipped liquor still, were smashed by the raiders.

Kingsley is serving a term in the Leavenworth prison for a Dyer act violation. Others said by Schrader to have been associated with Kingsley are Pat Murray, James Sullivan and William Pevy, all serving prison terms.

Authorities said they had linked the gang with bank robberies in Riverton and Sandoval, Ill., and a Western Union office holdup in Chicago.

FIND CONCEALED ATTIC  
 East St. Louis, Ill., March 23—(AP)—Discovery of a concealed attic in the East St. Louis home of Ira T. Kingsley, owner of a farm near Nashville, Ill., where an elaborate cave was found yesterday, was announced here today by Joseph C. Schrader, special Deputy Sheriff of St. Clair county.

The gang which maintained the two hideouts planned to kidnap a wealthy St. Louis manufacturer, whose name was not made public, Schrader said. Previously he revealed intentions of the gang to kidnap Miss Esther Brichler, 18-year-old daughter of an East St. Louis undertaker.

All members of the gang are in prison, Schrader said. According to him they are Kingsley, in Leavenworth penitentiary for interstate freight theft; his son, Ira, Jr., 23, convicted of counterfeiting; Pete Hunsate, 37, Benton, convicted of robbery and under sentence for interstate freight theft; Maurice Muchneck, theft of a freight ship; John H. Wessels, 28, in Atlanta prison for freight theft.

## Traveling Around America

The old Pacific Mail liner S. S. California.

The new Grace liner Santa Elena.

## AMERICAN SEA TRAVEL—THEN AND NOW

EIGHTY-SIX years ago America held a leading place on the seas of the world. Now she is again advancing into maritime leadership. Representative of the crack vessels turned out by American shipbuilders in the glamorous gold rush days is the side-wheeler shown above—the S. S. California, first of the Pacific Mail Line. She made her bow late in 1918 with a 13,500-mile maiden voyage from New York to the Golden Gate, via the Straits of Magellan—making her Pacific stop in Panama just in time to be delayed by repairs for passage "round thousands of prospective miners who had rushed to the isthmus when Sutter discovered gold in California.

The other ship is the newest American-built liner plying between our two coasts—the Santa Elena, one of the four sister ships launched in 1923 for the Grace Line's Panama Mail Service which in 1925 took over the Pacific Mail after this oldest of American flag services had functioned for 77 years. This sleek stream-lined ship

with her double reduction geared turbines has a much easier time of it than her steam-and-sail forebears of Forty-nine. She cuts through the Canal—which reduced the New York-San Francisco route to 5,262 miles—and in spite of stops in six countries, enroute, reaches California in 17 days. The adventuresome old side-wheelers following the longer course and struggling with such speed hazards as old fashioned boilers and unfavorable winds, required about three months for the passage.

Closely connected with the development of American ships serving our two coasts is W. A. Young, Jr., who was General Passenger Traffic Manager of the Grace Line. It was Young's belief that luxurious modern ships like the Santa Elena are the natural heritage of the seafaring tradition established by the pioneer company, and his belief is justified by the increased traffic the new ships have attracted.

New term will start Sept. 1st and will be his third year in Polo. The church membership has increased by 40 additional last year, the Sunday school attendance has been materially increased and the congregation is looking forward to a continued growth.

## NEWS CHURCHES

## CHRISTIAN CHURCH TONIGHT

There will be a preaching service at the Christian church tonight at 7:30. Rev. James A. Barnett, the pastor, has announced as his sermon topic, "Christ in the Home."

Miss Margaret Whiteman will sing a gospel solo.

The cold weather of yesterday affected the attendance of last night's service slightly, but attendance and interest were good.

The Junior choir sang as a special number, "Stand Up for Jesus." Miss Whiteman sang "My Task" by Ashford.

The pastor brought a forceful message from the transfiguration scene interpreting it to mean that Christ was giving his followers a glimpse into the Kingdom which is to come.

Both morning and evening service tomorrow will emphasize the evangelistic note. In the morning Rev. Barnett will preach upon "Behold Thy King," taking his lesson from the triumphal entry. In the evening he will give a preview of Christ's sufferings in a striking sermon upon "The Girded Christ." Miss Whiteman will sing at each service.

Services continue each evening at 7:30.

## VALLEY SOFTBALL LEAGUE FORMED HERE LAST EVE

Seven Cities are Granted Franchises: Eighth Being Considered

The Rock River Valley Softball League was formed at a meeting held here last evening with seven clubs securing franchises of membership and the eighth to be announced within a few days. Ward T. Miller of this city, a member of the Advisory Committee of the Rules Board of the National Softball Association of America, was the unanimous choice for the presidency of the league. E. L. Fulmer of Dixon was elected to serve as league secretary.

Phillip Roster, president of the National Softball Association of America, and David A. Glickman, treasurer, came out from Chicago last evening and attended the organization meeting, which was held at the court house. The cities securing franchises in the league are Oregon, Ashton, Dixon, Sterling, Rock Falls, Princeton and Mendota. One other city in this locality is to receive the eighth franchise, which will complete the league membership. For this position, Mr. Morris, Polo and Rochelle are now being considered.

### To Play at Airport

George and Arthur Beier of the Beier Bakery are sponsors of the Dixon team, and present plans call for the playing of all games at the new electric lighted field at the Dixon Municipal airport. The schedule will open during the first week in May, with upward of 40 games being listed. One game will be played on the home field weekly, and one away from home. All players will be uniformed and rigid rules will be enforced during the playing of all league games. The schedule will be divided into two sections and all teams will be required to be down to the 15 player limit by June 15, to include the manager.

It was voted to play all games on the 70-30 basis, the visiting teams to receive the long end of the gate and the home team to furnish balls and umpires for each league game. Play will be started at 8:30 in the evening.

Each franchise holder designated three nights of each week which are preferred for the playing of their scheduled games. The names of two umpires in each city were also furnished the national organization and from these the officials who will preside at the games will be selected. Two umpires will be assigned to each game, but in no instance will the home umpires officiate at local games. The managers voted to pay a fee of 50 cents to each umpire in addition to his regular game fee to defray traveling expenses. Each prospective umpire will undergo an examination by the national officials to show qualifications to officiate at games before being recognized and appointed.

No Smoking Allowed  
No smoking on the playing field will be permitted. This rule governs during the entire nine innings of the game and is applied to all players participating in the game.

Other rules, such as arguing with spectators and umpires or opposing players, are to be enforced for the improvement of the game. All teams entered will start the season with the chance of becoming national champions, the organization being a major league and the club finishing at the top of the column at the close of the season will be eligible for district and national competition. All of the clubs will charge an admission fee to the games to defray the expense of the lighted fields and other incidentals.

## ROD AND REEL CLUB PLANS TO INCREASE SPORT

Extensive Program to Make Green River Anglers' Mecca

The Green River Rod and Reel Club, an organization which has been formed for the purpose of restocking Green river with fish, preventing the pollution of the stream near Amboy and to engage in a general reforestation and fish and game propagation program, has been formed at Amboy and Sublette. A meeting has been called for Tuesday evening at 7:30 at the Vaughan chapel in Amboy, which will be attended by a group of sportsmen from Dixon who will participate in the program.

As an indication of the activity of the new organization, a total of 75,000 small fish have been hauled from rescue points or hatcheries and placed in Green river during 1933. These consisted of black bass, large and small mouth bass, cat fish, crappies and numerous other varieties adapted to the stream. Plans are now under consideration to enlarge this restocking program this year with the introduction into the stream of other species of fish.

The outstanding accomplishment planned for this year is the building of a bass hatchery in Green river in the vicinity of the Edwards ice house, where the stream is fed by a number of springs. Plans for the hatchery have been obtained from the state Department of Conservation, and the members of the club plan to do practically all of the building under the supervision of an experienced conservationist.

### To Patrol Stream

The membership of the organization is not confined to residents of Amboy and vicinity alone but includes sportsmen from Sublette and Mendota as well as Dixon. Fishermen who enjoy bass fishing in Green river are joining in the movement to restock the stream and protect the fish from illegal fishermen. To make this part of the program more effective officers of the club have appealed to Sheriff Fred Richardson for the appointment of 25 special deputy sheriffs, who will patrol the streams and will be constantly on the look out for fishermen who violate the state laws. The names of the special officers, should they be appointed, will not be made known and their duties will be confined solely to the patrolling of the stream.

The officers of the club are planning a program of conservation of wild game in the southern townships of the county where thousands of acres of land may be planted in trees and shrubs to afford protection for bird life. All interested in the program of the organization are invited to be present at the meeting Tuesday evening at Amboy.

### Bats That Destroy Fruit

Bats are found in most countries, and tropical lands have species that live on fruit. In Australia, these bats, known as flying foxes, since their faces resemble that of a fox, do enormous damage in orchards. They travel in large colonies uttering screaming cries, nibbling at fruit while hovering before it, often taking a large piece away. When this happens they behave like domestic fowls, for all the others follow the one with the prize.

## An Open Letter to the Voters of the 35th Senatorial District...

**GEORGE F. PRESCOTT**

I have never inherited anything but my Mother's Bible which I prize highly. I believe in God, a Government, of, for, and by the people. I believe in business that sixteen ounces still make a pound. I believe that a promise when given is sacred and should be kept.

I believe that right, like truth, when crushed to earth, will rise again. I do not subscribe to granting special privileges to any man or group. I feel that the office I seek is a very important and honorable one. I believe that some grave interests of our people are at issue in the halls of our state and nation at this time. I should be honored to have a part in the deciding of these issues in the best interests of our people.

I have no axe to grind, political or otherwise. I do not seek this office for its compensation, not knowing what the salary of our Senator is.

I promise here and now that if nominated and elected I will give the best that is in me to the interest and welfare of the people of my district and state.

In entering this contest it is my greatest hope that no statement of mine shall ever hurt or humiliate a candidate of any party for this high office. I shall conduct my campaign with dignity and fairness, befitting the position I am seeking at your hands.

Faithfully yours,  
**GEORGE F. PRESCOTT**

## TOTALS IN ABC AT PEORIA ARE BECOMING DIZZY

Better Klegers Take Alleys in Peoria Tournament

Peoria, Ill., March 24—(AP)—"Pin busters" from all parts of the midwest and east descended upon the 34th annual American Bowling Congress today in an attempt to surmount the dizzy totals now leading the tournament. Among them were the Eckard Druggs of Erie, Pa., led by Earl Hewitt, last year's singles champion.

Akron, Ohio rates consideration with the Goodrich Tires, Manhattan Night Club and Slusser Agency squads. The south may come in for honors when the West End Furniture Company, Birmingham, Ala., and the Tuscaloosa Merchants, Tuscaloosa, Ala., shoot.

Other cities and towns on today's list include Buffalo, N. Y., St. Louis, Cleveland, Detroit, Milwaukee, New York City, Fort Wayne, Ind., Montclair, N. J., Fargo, N. D., Utica, N. Y., Cincinnati, Council Bluffs, Ia., and Wichita, Kas.

Jerry Vidro, Grand Rapids, Mich., was the outstanding kleg yesterday. He became the new individual leader with 721 pins. Gregg Griffo, Syracuse, took third in the singles with 702. Vic Giromini and Frank Livignale, Syracuse, produced the only change in the doubles when they took second place with 1257.

### Russians in San Francisco

Russia made a haphazard attempt to settle in San Francisco in 1906, and finally a Russian settlement was established a few miles to the north of the city. In 1918, two years after this country declared war on Mexico, Capt. John B. Montgomery arrived at San Francisco with the sloop-of-war Portsmouth, and raised the American flag. The site where he raised the colors is still known as Portsmouth Square.

## RECORD CROWDS SEE STATE HIGH SCHOOL TOURNEY

Moline Surprise Team in Semi-Finals at Urbana Today

Champaign, Ill., March 24—(AP)—Basketball style and strategy of widely separated parts of Illinois were represented today as Thornton of Harvey met Equality, and Quincy clashed with Moline in the semi-finals of the state basketball championship tournament.

Thornton, from the Chicago district, was after a second consecutive championship. Equality, from far downstate, was out to prove that a school with an enrollment of 154 students can make a strong bid for the title. Quincy represented the central part of the state with a strong team, and Moline, from the northwest, was somewhat of a surprise contender.

Quincy and Moline were first into action today, with Thornton and Equality following before dinner. Third place will be decided tonight before the championship finals square off at 9 P. M., for the big title of the year.

### Moline a Surprise

Quincy had a hard tussle with Charleston yesterday, but won, 29 to 20, and was a slight favorite over Moline. The latter five was not highly considered at the start of the tournament, but forged into consideration yesterday by a 25 to 20 triumph over Urbana.

Thornton was the choice over Equality, but the latter appeared certain of making the champions go the limit for victory. Thornton crushed Lane, the Chicago champion, 40 to 18, last night, while Equality's rangy crew steamrollered Marshall, another Chicago team, 33 to 17.

A crowd of 5,800 saw last night's contests, bringing the total for the tournament to a record high of 17,800. The semi-finals today and the championship game tonight made a total attendance for the tournament of more than 25,000 almost a certainty.
